ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. Bids you send in are the maximum you are willing to pay for the coin. **WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

**YOU WILL WANT A PRICE LIST OF THIS SALE
TO KNOW WHAT COINS ARE BRINGING
PRICE LIST OF SALE \$1.00**

IS THIS YOUR FIRST AUCTION CATALOG?

Proof coins, branch mints 1892-1934 unc., currency and commemoratives seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results obtained in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** in the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even the auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING THESE
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN.

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having cataloged over one hundred ninety successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6¢ airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

|---|--|--------|

LEGAL TENDER NOTES

In figuring out the prices you wish to bid, it is wise in checking prices realized to allow a little extra for the amount we saved the bidders. For instance, on a bid of \$100 it is frequently possible (where the next high bid will allow) for us to award the lot at \$85 or \$90. Thus the price list will show \$85 or \$90 while the actual bid was \$100. Thus in figuring your bid, we suggest you bid 15% to 20% over the prices realized if you really want the item. Another factor is the rapid rise in values literally "taking place month to month." An excellent example is the 1923 \$10 Legal, Friedberg 123. The catalog prices it at \$125 new which was about what it was worth when the book WAS COMPLETED; now it is worth closer to \$200 (we will gladly pay \$150 for several to fill the want-lists we have on hand). We rather doubt (from the want-lists on hand) that a bid of \$150 to \$175 would be successful and cannot even be sure if \$200 bid would be the top bid received; but this we will guarantee: **WHATEVER PRICE IT IS OBTAINED AT WILL BE A BARGAIN SIX MONTHS FROM NOW.** Why? Because the new owner will have it while the collector trying to buy it at a "reasonable price" will still be hunting for it when the note reaches \$500. It is better to have a scarce note or coin at a price which at the moment appears to be high (when time turns into a "bargain") than to wait for it at a "bargain." Remember, a "bargain" is something which the owner is **trying to sell** and which there are very few buyers — how much chance do you think an item like that has of advancing in value?

1882 NATIONALS—BROWN BACKS

We have noticed a sharp increase in collectors by signatures. Since some of the officers were together in office only 1, 2, 3 or 4 months it is evident that the increasing demand will push prices up rapidly. The scarce and rare signatures should prove to be an excellent investment over the next year or two.

Undoubtedly many "sleepers" exist in this series. Some have advanced 600% in the last book with others to follow when the exact rarity of the "sleepers" is arrived at by actual supply and demand. No doubt a year or two hence, the usual crop of collectors will tell us, "I wish I had completed my set of Federals when they were available."

BANK OF THE UNITED STATES

Alexander Hamilton first conceived the idea of a Bank of the United States to receive government deposits and act as the fiscal agent of the Government. The bank became so powerful that Andrew Jackson risked his whole political career in an attempt to destroy it. He succeeded and the charter was not renewed in the 1840's. Some attribute the "Hard Times" of the 1840's due to the bank being forced to close. DEFINITELY U.S. CURRENCY AND PROPERLY BELONG IN A U.S. CURRENCY COLLECTION. We strongly advise acquiring these notes now before the prices skyrocket due to their rarity.

THE VERY RARE FRACTIONAL NOTE FRIEDBERG 1330

440 50c Friedberg No. 1330, 50c Spinner with red reverse, AUTOGRAPHED SIGNATURES ALLISON-NEW, CRISP UNCIRCULATED WITH LARGE EVEN MARGINS. THE RAREST REGULAR FRACTIONAL NOTE AS ONLY ONE SHEET OF SIXTEEN WERE ISSUED, OF THE FEW EXISTING TODAY, THERE MAY BE AN EQUAL SPECIMEN (WHICH WE HAVE NOT SEEN) BUT THERE CERTAINLY CANNOT EXIST A SUPERIOR ONE. For the collector desiring the rarest regular note in the choicest condition, this is it. DUE TO ITS EXTREME RARITY, IT IS UNPRICED IN FRIEDBERG'S BOOK. WE BELIEVE A FAIR PRICE FOR THIS GEM RARITY WOULD BE (you decide the actual value by your bid) - 1,500.00

FRACTIONAL CURRENCY—POSTAGE CURRENCY

Quite popular with both stamp and coin collectors and are listed in both stamp and currency catalogs. Judging from the sharp increase in demand, these should prove to be an excellent investment at present-day prices.

UNLISTED SET 1908 \$20 GOLD PATTERNS

1818

Four different varieties 1908 \$20, Large and small edge letters, Large and small edge stars, struck in bronze. All four rolled out making the design faint, however, the edge device is intact. The government insisted on these patterns being rolled out before they allowed the chief engraver to keep them. THE ONLY FOUR WE HAVE SEEN; NOT LISTED IN ADAMS-WOODIN BOOK ON PATTERNS. EXTREMELY FINE AND PROBABLY UNIQUE SET. It is difficult to place a value on this unusual set, however the owner values them at

1926 SESQUICENTENNIAL HALF DOLLAR PATTERNS

1819

Uniface obverse and reverse die trials for the Sesquicentennial commemorative half dollar. Differ from the adopted design only in being better struck up. Obverse in copper, reverse in a brassy alloy, struck on dollar size planchets. FIRST WE HAVE HEARD OF. Owner values them at.....

TYPE SET \$2½ GOLD

One of the most difficult of all type sets to complete, and judging from the rise in value of the more difficult types, an excellent investment. DUPLICATE THIS CHOICE TYPE SET IF YOU CAN. TRULY A "PRIZE-WINNING SET." We are particularly gratified that this set was assembled as per the "KAGIN TYPE TABLE."

1833	TYPE I, 1796 NO STARS OBVERSE, 16 STARS REVERSE (FOR STATES) VERY FINE. VERY RARE AS THIS TYPE WAS STRUCK ONLY A FEW MONTHS. WE NOTE A \$75 ADVANCE (UNC.) FROM THE LAST CATALOG TO THE PRESENT ONE WHICH DOESN'T TRULY REFLECT THE GREAT NUMBER OF WANT LISTS WE HAVE ON HAND. RECORD TWO YEARS AGO OF	\$ 575.00

TYPE SET \$2½ GOLD (Continued)

- 1834 TYPE II, 1796 WITH 16 STARS (FOR STATES) ADDED TO OBVERSE, UNCIRCULATED WITH BAREST RUBBING ON OBVERSE AND PINPOINT NICK KEEPING IT FROM BEING A GEM.** In our opinion, the most underrated of all quarter eagles in point of rarity. The guidebook states only 66 were struck but from the few specimens that have come upon the market in past years, we have concluded that only about 10 or 12 have remained in existence. When gold coins were reduced in size in 1834, those prior to 1834 were melted down for the gold (which was above face value) which accounts for their rarity. The present guidebook advanced this rarity \$125 over the previous one which should be a good indication of what is in store value-wise in the future. While we believe this outstanding rarity is actually worth \$1000.00, due to the fact that collectors have confused this type with the following, it will probably bring closer to.....\$ **750.00**

- 1835 TYPE IV (type III, 1797 7x6 stars was not in the collection) 1798 6x7 STARS (ALSO 13 STARS REVERSE) Uncirculated with orange patina. RARE. Another "one date type.".....** **400.00**

- 1836 TYPE V, 1802 OVER I, 8x5 STARS extremely fine. Steadily rising in value.....** **140.00**

- 1837 TYPE VI, 1808 HEAD LEFT IN ROUND CAP very nearly uncirculated. VERY RARE. Probably the most sought-after type as it is entirely different from the other types. While some collectors choose to ignore the number of stars in a type, all type collectors include this one. We know of a slightly better specimen recently sold privately for \$1000; this one worth about** **\$ 850.00**

TYPE \$5 GOLD

We have noticed a steady increase in demand for early types. While the guidebook has advanced the majority from \$10 to \$15 each, continuing demand has forced the prices above catalog for choicer specimens. This collection has continued the pattern of types as presented in the "KAGIN TYPE TABLE."

1853	TYPE I, 1795 10x5 STARS, SMALL EAGLE, BRILLIANT PROOFLIKE GEM. MUST BE SEEN TO BE APPRECIATED. AN equal specimen may exist (altho we have not seen it) but certainly not a superior one.....	\$ 400.00
------	---	------------------

TYPE \$5 GOLD (Continued)

1854	TYPE II, 1797 11x5 STARS, SMALL EAGLE, PROOFLIKE WITH ORANGE TINT, slightly rubbed in obverse field. RARE. Greatly undervalued as a type since this and the 1798 small eagle (catalog \$3000) are the only ones of this type. Should bring in the neighborhood of	\$1000.00
1855	TYPE III, 1795 LARGE HERALDIC EAGLE (struck in 1798 with a "workable" 1795 obverse and the new 1798 reverse—since the Mint was next to Congress in those days. Congress saw to it that every cent counted). PROOFLIKE. VERY RARE, PARTICULARLY IN THIS REMARKABLE CONDITION.	\$1000.00
1856	TYPE IV, 1800 8x5 STARS, LARGE EAGLE (stars standardized at 13 when it was seen how impractical it would be to add a star for each new state) very fine. We note a \$10 advance in the new guidebook.	70.00
1857	TYPE V, 1807 7x6 STARS HEAD RIGHT (type only struck latter part 1806 and earlier part 1807) uncirculated with orange patina. "Sleeper" type undervalued in keeping with its rarity.	95.00
1858	TYPE VI, 1807 HEAD LEFT IN ROUND CAP, very nearly unc.	80.00
1859	TYPE VII, 1813 LARGE "SQUARE" HEAD uncirculated with orange tint. RARE TYPE similar to the great rarities such as 1815, 1819, 1822 etc.	150.00

FOREIGN GOLD

We have noticed an increasing interest the last few months from those who desire "something different" to collect. With many pieces bringing only a nominal premium over actual gold value, this series should appeal to the collector who desires a series close to "actual value."
